Words from ZUST president

Dear alumni,

Greetings from ZUST!

2020 was a year of tear, sorrow and loss, but it is also a year full of love, integrity, perseverance and hope, a year of renewal and resolve.

The past year witnessed countless hardships and crucibles brought by COVID-19 pandemic, through the battle against which, we've risen to the challenges courageously and made it to today.

Past has passed. The COVID-19 fails to defeat us but results in stronger solidarity and resilience.

In 2020, all ZUSTers joined hands together in fighting against the virus and achieved 0 infection.

In 2020, ZUST successfully held the 7th International Cultural Festival and celebrated the 40th anniversary.

In 2020, ZUST accomplished the 13th Five-Year Plan and formulated the 14th Five-Year Plan.

In 2020, ZUST forged ahead and enjoyed higher social respect, especially in international areas.

In 2020, ZUSTers never ceased to progress and won numerous awards provincially and nationally.

Past has passed. Though plagued by the pandemic, we believe that all ZUSTers, including our dear alumni, will move to an ever-brighter future in 2021.

Dear alumni, we sincerely wish you all a splendid, harmonious and auspicious 2021!

ZUST 40th ANNIVERSARY

2020 is the 40th anniversary for ZUST. Students from over 20 countries showcased their unique culture in the Cultural Festival in celebration of ZUST's birthday.

Founded in 1980, ZUST has developed into a multi-disciplinary university specializing in engineering and incorporating disciplines in science, arts, economics, management, and education. ZUST has successfully established cooperative relationships with 125 universities around the globe with Germany as the leading partner and has been among the top universities in international students education in Zhejiang province. At present, ZUST is running 12 English-taught undergraduate programs and 9 English-taught postgraduate programs. More than 2300 international students from 108 countries and over 21,000 Chinese students are studying in ZUST. Many distinguished guests and professors visited ZUST and worked here, including the former German President Roman Herzog and Christian Wulff.

FIGHTING COVID-19 TOGETHER

In March, over 50,278,000 students across China attended one same online class organized by Ministry of Education of P.R.C, exchanged experiences on combating COVID-19. The virus failed to beat the teenagers but empowered them in China to move forward.

Upon the pandemic outbreak, ISAC and other ZUST departments rolled out and implemented regulations and emergency plannings overnight, equipped students with essential virus-centered common knowledge and provided psychological, logistics support promptly.

To ensure teaching for students held back in their home countries, ZUST faculty applied the latest technology on live-stream and successfully launched online classes.

ZUST students Tungamirai Eric Mupona from Zimbabwe and Shatilova Anna from Ukraine played vital part in encouraging ZUSTers to stay confident and embrace the future, both of whom was widely reported by national and provincial media.

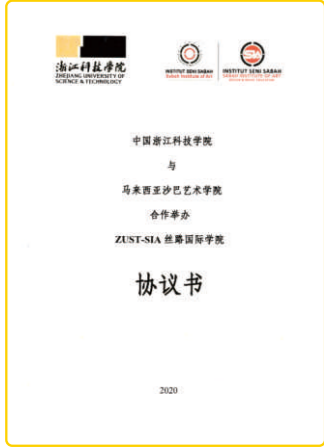

Prof. HUANG Jun and his team invented the high-volume nucleic acid extraction device, which greatly accelerated the study of novel coronavirus after relentless effort. He therefore was recognized as the Advanced Individual in the Fight Against COVID-19 by Zhejiang provincial government.

ZUST NEWS EXPERSO

留学生比例排名(百强)					
排名	学校名称	省市	类型	留学生比例	软科中国大学排名
21	华东师范大学	上海	师范	6.4%	29
22	中国医科大学	辽宁	医药	6.2%	医4
23	浙江大学	浙江	综合	6.1%	3
24	浙江科技学院	浙江	理工	6.0%	292
25	北京大学	北京	综合	5.9%	2
26	首都医科大学	北京	医药	5.9%	医2

ZUST was ranked 24th in terms of international students scale, the best ever record by Shanghai Ranking, the leading Chinese universities rankings service provider.

ZUST and University Malaysia Sabah entered cooperation relationship and co-founded the Silk International Institution, embarking on a new era for ZUST education in Malaysia.

Mr. Ji Bowei, the consul-general of Consulate General of France in Shanghai, attended the opening ceremony for Future City Engineering College (in preparation). The new college will serve to integrate French education philosophy into ZUST teaching to foster engineering talents.

ZUST was approved to set up the Zhejiang Industry & University Alliance for Digital Manufacturing. Meanwhile, the Sino-Germany Life Health Education Research Institute was founded as a base to advance industry & university collaboration.

German-speaking Nation Research Center was established. Pro. Ouzhen, the consul-general of Consulate General of Germany in Shanghai, and Prof. GONG Jianli, ZUST president, attended the opening ceremony. The center will reinforce the cooperation between China and Germany.

CAMPUS LIFE IN ZUST

Level	Program	Achievements
National	6 th “Internet +” College Student Innovation and Entrepreneurship Competition	1 Gold Prize 6 Bronze Prize
	14 th International Clothing Design Contest in China	1 Gold Prize

PROLIFE OF ZUSTERS

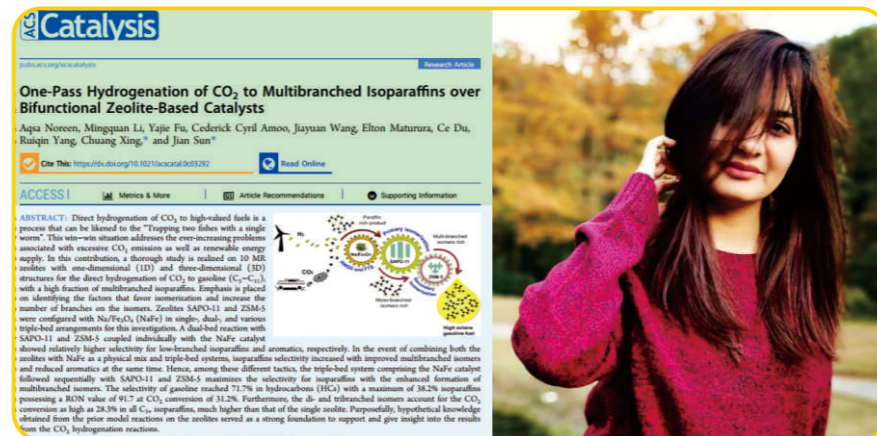

In Dec., ZUST delegations performed in the 14th “The Journey of Discovery in Zhejiang” Talent Show in front of vice-governor Mr. CHENG Yuechong and international students across Hangzhou. The performance fully showcased the uniqueness of ZUSTers.

Shatilova Anna from Ukraine was awarded the title of Top 10 Excellent Students of Year 2020. She has been active in social activity in ZUST and in China at large and participated in CCTV-4 Global Talents Show and International Folk Music Competition, etc., both being renowned national news agents in China. To inspire ZUSTers to face up the pandemic, she and her team also shot a video *Long Time No See*.

In Oct., Mupona Tungamirai Eric, as a ZUST representative, was invited to the 5th China-Africa Youth Festival, hosted by Ministry of Foreign Affairs of P.R.C., organized by China Soong Ching Ling Foundation and People's Government of Jiangxi Province. He was also invited to the private house of Mr. LIN Songtian, the president of the Chinese People's Association for Friendship with Foreign Countries, as a guest in honor of his remarkable achievements in the battle against COVID-19.

Aqsa Noreen from Pakistani, majoring in Chemical Engineering and Technology, published the paper “One-pass Hydrogenation of CO₂ to Multi-branched Isoparaffins Over Bifunctional Zeolite Based Catalysts” in “ACS Catalysis”, a top academic journal with an influential factor of over 12.35, refreshing the record for academic performance for ZUST international students.

HAPPY NEW YEAR!
